COSMOS Connect®

COSMOS CONNECT®
DO MORE WITH LESS

Play video games, activate switch toys, dine independently, check text messages, and more, all using a single NeuroNode® and the Cosmos Connect®. Install the Cosmos Connect® application on a NeuroNode Trilogy® to use the 8 wired inputs and wireless connection to operate switch devices.

Control Bionics offers a suite of dedicated speech generating devices and accessories to give people living with complex communication and physical needs their independence.

Our product range is more intuitive and flexible than ever.

CONTROL TOYS WITH JUST THE NEURONODE®
A fun way to stay connected and play.

INTEGRATION
OBI® DINING ROBOT
Dine with confidence and independence. Control the Obi® with just one sensor.

DO MORE WITH LESS

The Cosmos Connect® is a small portable control device that can be used with a Windows® OS-compatible display device. When paired with the NeuroNode® sensor, the Cosmos Connect® leverages our exclusive application to intuitively interact with a variety of personal control devices giving the user more independence with a single movement.

CONTEXT AND EFFECT

The Cosmos Connect® app, installed on a Windows® OS-compatible device, is designed to match not only the device but also the context of a specific activity. Intuitive menus present choices right for the current context, giving independence and control to the user. The app comes with cloud-based presets to simplify setup and create meaningful context right from the home screen.

NEURONODE TRILOGY®

The NeuroNode Trilogy® is our dedicated speech generating device that offers multi-modal access with the proprietary NeuroNode® sensor allowing for faster speed and less fatigue when communicating.

Install Cosmos Connect® on a NeuroNode Trilogy® to seamlessly switch between communication software and other devices.

Adding Cosmos Connect® to a NeuroNode Trilogy® allows the NeuroNode® sensor to not only provide access to faster and less fatiguing communication, but to recreational activities. This is a great way to make access even more efficient and accurate.

WHAT'S IN THE BOX

- Cosmos Connect® Device
- USB-C®-compatible connecting cable
- 8 wires
- USB-C®-compatible hub
- Instruction booklet
- App download instructions

*Cosmos Connect® is shown here with the NeuroNode Trilogy® system
